CD126, pp.38-9. Oswald's literature distribution. Lawrence Bright, Father Anthony, Ozanam Inn, Rafael Hugo Fromata, Roberto Martinez Martinez.

These two reports succeed in not developing the identities of the men who had been witnesses of the 8/16/63 handbilling.

The 38-9 Steinmeyer and Logan might otherwise be interesting, in light of the capabilities of these agents, as, for example, what they did with Ricardo Davis and his camp. If they are available, I'd like to see them.
